

2001

My Verse:-

To the person who draws the lucky number
I say congratulations from down under.
I will remember with fondness
the time you all showed hospitality and kindness.

The year 2000 was a great adventure
from the shores of Aotearoa to the village of
Duddenhoe End.
The experience will always linger in my mind
For each and everyone of you were so kind.

Laugh long and laugh loud every day
for the infection you spread will be the
life of all around you.

Good luck for your Harvest dinner this year
from New Zealand I say best wishes and cheers.
